Section 4: First-Aid Measures

Description of First Aid Measures

General: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice.

Inhalation: When symptoms occur: go into open air and ventilate suspected area. Remove to fresh air and keep at rest in a position comfortable for breathing. Obtain medical attention if breathing difficulty persists.

Skin Contact: Remove contaminated clothing. Brush off loose particles. Drench affected area with water for at least 15 minutes. Obtain medical attention if irritation persists. Wash contaminated clothing before reuse.
Eye Contact
Rinse cautiously with water for several minutes. Brush off loose particles. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if irritation develops or persists.

Ingestion
Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.

**Most Important Symptoms and Effects Both Acute and Delayed**

**General**
Dust may cause mechanical irritation to eyes, nose, throat, and lungs.

**Inhalation**
Prolonged contact with large amounts of dust may cause mechanical irritation.

**Skin Contact**
Skin contact with large amounts of dust may cause mechanical irritation.

**Eye Contact**
Contact may cause irritation due to mechanical abrasion.

**Ingestion**
Ingestion is not likely to be harmful or have adverse effects.

**Other**
Contact with large amounts of dust may cause mechanical irritation to eyes, nose, throat, and lungs.

**Chronic Symptoms**
Not available.

---

**Section 5: Fire-Fighting Measures**

**Suitable Extinguishing Media:**
Use extinguishing media appropriate for surrounding fire.

**Unsuitable Extinguishing Media:**
Do not use a heavy water stream. Use of heavy stream of water may spread fire.

**Fire Hazard:**
Not considered flammable but may burn at high temperatures.

**Explosion Hazard:**
Product is not explosive.

**Reactivity:**
When heated to decomposition, emits toxic fumes. Toxic Gas.

**Hazardous Combustion Products:**
Toxic fumes are released. Hydrogen chloride. Sodium oxides. Chlorine.

**Other Information:**
Do not allow run-off from firefighting to enter drains or water courses.

---

**Section 6: Accidental Release Measures**

**Personal Precautions**
Avoid breathing (dust). Avoid all contact with skin, eyes, or clothing.

**Protective Equipment:**
Use appropriate personal protection equipment (PPE).

**Environmental Precautions**
Prevent entry to sewers and public waters. Avoid release to the environment.

**Methods for Cleaning Up**
Clear up spills immediately and dispose of waste safely. Recover the product by vacuuming, shoveling or sweeping. Contact competent authorities after a spill.

---

**Section 7: Handling And Storage**

**Precautions for Safe Handling**
When heated to decomposition, emits toxic fumes. Contact with water causes an exothermic heat reaction, which may cause significant temperature rise. Corrosive to metals upon prolonged contact. May release hydrogen gas on prolonged contact with certain metals.
Hygiene Measures

Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work. Do not eat, drink or smoke when using this product. Wash hands and forearms thoroughly after handling.
